Ladies and Gentlemen,

We are pleased providing you an answer to your request for information on RoHS 2 Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

We are in conformity with the requirements of RoHS 2 and therefore it is presumed not to contain more than the tolerated maximum concentration values of substances as mentioned in Annexes II and III of RoHS 2.
This is also reflected in bearing the CE marking on the product.

Yours sincerely
